Blauberg introduces a new ventilation design solution: **Blauberg Design Konzept** innovative design system. It includes Omega fan, a Decor FB 140x140 s grille, a DPK 100 diffuser and a range of stylish design decorative panels.

Features of the Design Konzept system:

You decide yourself what your fan and interior design will look like

The panels can be changed if you prefer

The entire ventilation system in the house can be designed in the same style

OMEGA

OMEGA

up to **160** m³/h

from **29** dBA

from **8** W

100 and **125** mm

OMEGA

Quiet and energy efficient

EXTRACT FAN

Features:

One of the quietest and most energy efficient fans on the market due to the use of mixed flow impellers, a special air flow rectifier and a modern electric motor

No drafts due to a built-in back valve

40 000 hours of continuous operation

Both wall and ceiling mounting are possible

Compatibility:

All panels

Any style any time

Technical data

	Model features	Spigot diameter [mm]	Air flow [m ³ /h]	Sound pressure level at 3 m distance [dBA]	Power [W]	Voltage [V]	Frequency [Hz]
Omega 100	Standard model	100	90	29	8	220-240	50
Omega 100 (220V/60Hz)	For a frequency of 60 Hz		90	29	8		60
Omega 125	Standard model	125	160	32	17		50
Omega 125 (220V/60Hz)	For a frequency of 60 Hz		160	32	17		60

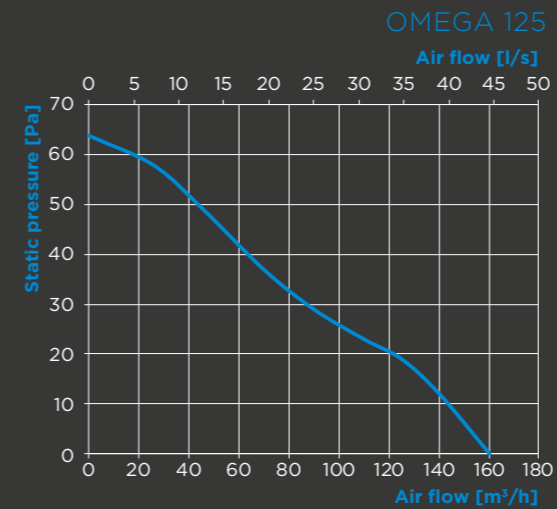

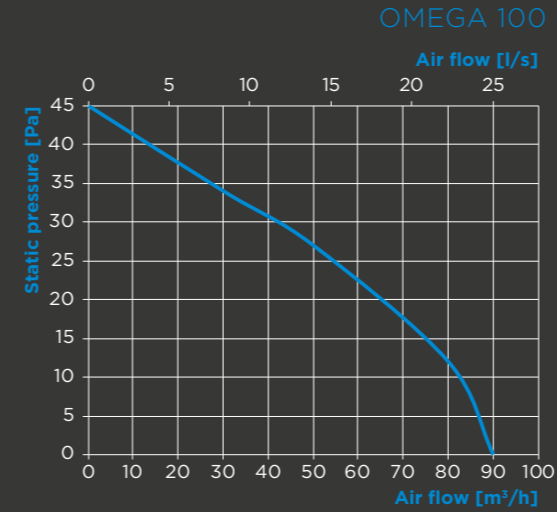

Additional options:

Turn-off delay timer **(T)**

Turn-off and turn-on delay timer **(TR)**

Humidity sensor **(H)**

Pull cord switch **(S)**

DECORATIVE PANELS OF NATURAL GLASS

Environmental friendliness, practicality and aesthetics are combined in the new decorative panels made of natural glass

The grille together with the panel is securely fixed to the fan, which prevents glass from falling even in case of improper installation
