

## BlauFast RL 90

For connection of the air ducts to the connectors and air distribution boxes

- Casing material: Synthetic rubber

|                             | Unit of measurement | BlauFast RL 90 |
|-----------------------------|---------------------|----------------|
| Connected air duct size     | mm                  | 90             |
| Ambient air temperature min | °C                  | -20            |
| Ambient air temperature max | °C                  | 60             |

### Dimensions
