

# BlauCool BLHV-90-I-DH-AC/1R1A

Ducted units

- Refrigerant: R410A

|                        | Unit of measurement | BlauCool BLHV-90-I-DH-AC/1R1A |
|------------------------|---------------------|-------------------------------|
| Phases                 | -                   | 1                             |
| Minimum supply voltage | V                   | 220                           |
| Maximum supply voltage | V                   | 240                           |
| Power supply frequency | Hz                  | 50                            |
| Rated power            | W                   | 340                           |
| Weight                 | kg                  | 46                            |
| Heating capacity       | kW                  | 10                            |
| Gas connecting pipe    | mm                  | 15.9                          |
| Cooling capacity       | kW                  | 9                             |
| Refrigerant            | -                   | R410A                         |
