

# ISO-RF EC

Sound-insulated inline centrifugal fans

- Sound insulation
- Motor type: EC
- Impeller type: Centrifugal forward curved blades
- Casing material: Aluzinc

| Lineup  | Connected air duct size, mm | Rated power, W | Maximum airflow, m <sup>3</sup> /h |
|---|-----------------------------|----------------|------------------------------------|
|  ISO-RF EC 100 | 100                         | 118            | 353                                |
|  ISO-RF EC 125 | 125                         | 118            | 393                                |
|  ISO-RF EC 150 | 150                         | 220            | 779                                |
|  ISO-RF EC 160 | 160                         | 220            | 779                                |
|  ISO-RF EC 200 | 200                         | 259            | 1264                               |
|  ISO-RF EC 250 | 250                         | 374            | 1682                               |
